

Pinhole Litter Project

Instructions

1. You go for a walk.
2. You pick up a discarded drinks can and make a note of the location where you find it.
3. You post the drinks can to Jamie. Include a self-addressed envelope with correct postage.
4. Jamie receives the drinks can.
5. Jamie converts the drinks can into a pinhole camera.
6. Jamie posts the pinhole camera back to you with a participant form.
7. You receive the pinhole camera.
8. You return to the place you found the drinks can.
9. You place the drinks can on the spot you found it.
10. To take the photograph, you lift up the black tape. Do not touch the camera for 5 seconds (if sunny) or 1 minute (if overcast).
11. You close down the black tape.
12. You post the camera back to Jamie along with your completed participant form.
13. Jamie receives the pinhole camera.
14. Jamie develops the image.
15. Jamie will then display the image on the internet. Selected images will appear in a book.
16. Jamie will recycle the drinks can.
